

## Welcommittee – Escapade 27

There's a Welcommittee, you ask? What?! Why? Because Escapade is only 3 days long, and we want you to get comfortable as quickly as you can. Volunteers are on hand to help you navigate the hotel and the con, and answer any questions to make your Escapade experience as good as it can be.

Raine, a long-time Escapade friend and attendee, is our Welcommittee point woman. Raine is available for questions in the consuite or via email at [welcome@escapadecon.net](mailto:welcome@escapadecon.net).

## What's served in the con suite... stays in the con suite

In recent years, hotels have made it explicitly—and financially—clear that food we serve in private can't show up in function space. Make time to enjoy the snacks and sometimes entrée-style treats that other fans have brought to share, and be sure to compliment the cooks.

Also, however, enjoy the food *in the con suite*. The hotel can and will penalize us if food or drink we serve you shows up in function space.

## Gameplay and Fun Stuff to Do

Opposite the Friday night party, we'll have games like *Slash: the card game* and other table-top games for folks who like less noisy festivities. **Jane Mailander created art for a coloring contest. Learn the details in the con suite; it's for charity!** We have a spare room off the con suite with a blu-ray player, where you can share shows or vids with friends to your heart's delight, in addition to Redondo, an extra public function space for gathering friends together to chat.

## Write-ins Throughout the Weekend

Many of us write. Throughout the weekend, many of us will keep writing—morning sessions in the atrium, or over coffee or breakfast, or in the con suite. If you're planning to write and would like company, be sure to post a note in the con suite, post on the Escapadecon Twitter or Tumblr or FB accounts, and join in.

## Welcome to the Convention:

### Escapade 27!

For many of you, this is your first all-fan, mostly-female, slash-centric small con. We're glad to have you. Many of you are returning for your 3<sup>rd</sup> or 5<sup>th</sup> or 20<sup>th</sup> year, and we're just as glad to have you back.

## The New Hotel

Walk the hotel and get oriented to the space. You registered in the con suite (Room 431). Consider that home base for finding: friends, answers to questions, snacks, people watching vids, raffle tickets, the fanzine library, and information about where the rest of the con will happen. All other function space, the atrium (where they serve full breakfast every morning and drinks/apps early every evening), and the pool are on the ground floor. (You'll find a floor plan on the back of this program book, inside every function room door, and online.)

## Photo Booth!

For a lot of us these days, a thing hasn't happened if we don't have a picture to prove it. We planned a photo booth this year, with a green screen so you can take pics with friends, or have your photo taken by pros or (pro wannabes like Charlotte).

Help yourself to props and have fun! Be sure to OPT IN when you stop by, if you're okay with having your pictures shared online. Otherwise, they'll just be for you and your friends.

## Filming and Photography

We have set up photo ops this year for attendees who would like to participate. **As always, Escapade is committed to your privacy and to your anonymity, if you treasure that. Attendees are not permitted to video or photograph any attendee without consent. Always ask before taking photos of anyone.** If you signed a photo or video waiver at check-in, it's because you trust us. We take that waiver seriously and over 27 years, we have earned your trust.

No public filming is planned for Escapade 27. The only photography planned will be clearly marked, and sharing your image is “opt in.” Read more about it on site, and ask any questions you like.

## Your Escapade Hosts

In no particular order, the following people contribute their time in advance to make sure Escapade happened: NakedBee, Aral, Sian, Megan, Dail, Killa, Jo, Ken, Franzi, Kris, Charlotte, Ellie, and Misti.

## Locations, Locations, Locations

**See the back of the program book for a map and layout of function space. The con suite (Room 431) opens at 9AM Friday,** and remains your source for socializing and convention resources, from meet ups to snacks to schedule changes to games to the fanzine library.

This **program book** is also online at [escapadecon.net/program/](http://escapadecon.net/program/) The **panel schedule** is online at [escapadecon.net/schedule/](http://escapadecon.net/schedule/) and also on the following pages, sorted by time and room. Note that there isn't one “fandom” and one “meta” room this year. Panels are scheduled based on expected attendance size.

Escapade formal festivities include: **Friday night dance party** (dress-up or cosplay welcome but not required); the **Saturday night vid show** (main “quiet” room and the more casual annex); **the Saturday night “mad science after party”** in the con suite; and the Dead Dog party on Sunday afternoon.

## Our Scholarships and Donors

The Sandy Herrold and Stacy Doyle Memorial scholarships commemorate women who helped define Escapade. The Evelyn Scholarship supports fans who identify as non-binary or transgender. Every year, people contribute to support other fans, equality, and/or in the memory of our loved ones. Every year, those funds help more fans to attend Escapade.

Scholarship funds might cover the entire cost of a con: plane tickets, hotel costs, even meals. Or they might offer a little boost to make attending easier. Sometimes, the break of a convention can make all the difference in a fan's life and we thank the donors from that deepest, most sincere place within us.

## People the Scholarships Helped

Andy, Dex, and Parlance received 2017 Escapade scholarship support. Andy and Dex are first-time Escapade attendees. Check them out on social media and make them welcome at the con!

## Escapade's Crowdfunding

If you've been around a while, you might have heard the con com discuss the rising cost of hotels, or how much they hate increasing reg fees. So for Escapade 27, we began a crowd funding campaign. We reached 35% of our goal as of this printing, thanks to generous fans like Luminosity and all of you who give your talent, make donations, and share your social media space to tell others about our fundraising effort. **Look for us on Indiegogo at Escapade-27, and keep spreading the word.** We have a month left!

## Thursday

---

### 9:00 pm

#### **A Wake for The Legends We Lost in 2016, Bar**

We lost so many cultural icons and fannish loves in 2016. Let's get together and celebrate the lives and work of the actors, musicians, athletes, and leaders we will miss. Come share stories about them and about what they've meant to you.

*Denise Raymond*

## Friday

---

### 11:00 am

#### **Welcome to Escapade, Laguna/Malibu**

This is the official launch of the convention. Come to find out what's new, what's up, meet our scholarship recipients, and vote for the Wildcard panel (details below). Do not miss it!

*Charlotte C. Hill, Megan Kent*

### 1:00 pm

#### **due South: For Reasons That Continue To Need Exploring At This Juncture, Laguna/Malibu**

Whether long-time fen or new to this fandom, an opportunity to give and get fanworks recs, share links to social media due South community sites, display show-and-tell due South memorabilia, squee about canon and about fanon. May also include topics that are Canadian Six Degrees (AKA Six Degrees of due South).

*Denise Raymond, ride\_4ever*

#### **Wildcard Panel, Marina del Rey**

SOMETHING interesting always happens between the closing of panel ballots and the first day of Escapade. We set aside this hour to talk about the biggest "something". Bring your ideas to the Welcome to Escapade Panel.

## FRIDAY SCHEDULE

### 2:00 pm

#### **The Most Meta (the panel about panels), Laguna/Malibu**

What do you like most about Escapade panels? What makes them run well; when they flop, why is that? How could they run even better? Are there aspects of other cons' panels you'd like to see here? Or aspects of Escapade panels you'd like to see elsewhere? Let's brainstorm how to make that happen.

*Megan Kent*

#### **DC CW Arrowverse Catch All, Marina del Rey**

Come by and tell us which pairing does it for you. Flarrow? Cold Flash? Coldwave? Goldvibe? Nysara? Alex and ? This will not be a panel where we list all the possible pairings but instead explore which ones the panel attendees enjoy and why. Should the twink in the skin-tight red suit be paired with a stern vigilante or the fun-loving supervillain and why?

*Tenaya*

#### **Calibre – Plugins for Fandom, Newport**

Learn how to download and install fanfiction plugins to enhance your fandom experience with Calibre. Use "Fanfiction Downloader" to download stories from A03, FF.net, and other archives. Want your own fandom covers? Generate Covers plugin will automatically add fandom covers to your downloads. Want to know the word count, relationships, reviews, kudos, and genres a story has? If the answer is yes, come to this panel!

*Amalthia (Sharon)*

### 3:00 pm

#### **What's new and where to find it, Laguna/Malibu**

Is there a new show this year that is just the best thing ever? Is it something from Netflix, Amazon, or maybe in an odd time slot? Is something in the works for later this year or next that you want people to know about? Come pimp your new fandom! Let us know what to look for, what to pass on, and where to find it.

*Tayrin*

## FRIDAY SCHEDULE

### **Fannibal Pannibal, Marina del Rey**

If you prefer your valentines written on broken men, your deer with feathers and your science with sass, join your fellow fannibals to talk about your favorite cannibals!

*Jessie (iesika), Joanna (foxwrapped)*

### **AO3 Tagging for Fun and Kudos, Newport**

General overview of AO3's tagging rules. This is not "you must do THIS," but "here's how AO3 organizes tags--so you can tag your fic so it can be found." May include mentions of some of the more hilarious tags that wranglers have seen; will definitely include detail about tags that will be categorized as "unwrangleable" and never be searchable.

*elf, Nick 556*

## **4:00 pm**

### **SWRO: A Woman, a Rebel Operative and an Imperial Defector Walk into a Bar, Laguna/Malibu**

Rogue One: It's not your grandma's Star Wars. Let's talk character relationships, narrative choices, and ideological shifts in the little prequel that could.

*Killa, Adrienne*

### **Where did the sex go in our slash con?, Marina del Rey**

Some days seem to pass without anyone mentioning our OTPs bumping uglies. Why is that? Have we grown tired of it as a subject because we've already explored it to death? Do you skip over the sex scenes in the fanfic you're reading? Has sex lost its titillation factor? Is the fault in the characters or ourselves?

*Dail*

### **I want to read graphic novels, but I don't know where to start, Newport**

Have you picked up a graphic novel or manga only to discover you literally don't know how to read it? Dig the X-Men, MCU, CW, & Netflix & want to pick up the books they were based on but feel overwhelmed by the huge back catalog? This

## FRIDAY SCHEDULE

PowerPoint will start with how to read a comic book page (aka "visual literacy") & end with where to find key story arcs.

*Denise Raymond, Kadymae DevilC*

### **5:00 pm**

#### **The Kids Are Not the Problem, Laguna/Malibu**

In recent years, media fandom has grown enormously. It has also scattered, spreading out to new platforms and meeting spaces. You often hear talk about "the kids" vs. "the olds," Tumblr vs. LiveJournal, or the problem of recruiting and retaining new fans. In this panel, let's try flipping that script. If kids are not the problem, how can we change and grow? What awesome things are other fans doing/trying that people at Escapade should know about? Most importantly, what strategies can we use to leave our fannish bubbles and more fully experience fandom in 2017?

*Aral, sinead, k8*

#### **Pacific Rim: Canceling the Apocalypse Again, Marina del Rey**

Pacific Rim 2 is currently filming, with an all-new cast, director, and story. Let's talk about what we know so far and what we think might be happening to make this something we care about, and not another example of Sequelitis.

*Raine Wynd*

### **6:00 pm**

#### **Fandom Pictionary, Bar**

Pictionary ...with fandom themes!

*Denise Raymond*

## FRIDAY/SATURDAY SCHEDULE

**8:00 pm**

### **Friday Night Dance Party, Laguna/Malibu/Newport**

Do you like vids? Do you like fans? Do you like dancing? Do you like cosplay or dressing up or looking at other people who might have dressed up? Do you like cake, snacks, or liquid? If so, the party is for you. ☺ Join us for music, merriment, food and drink, and maybe a little shaking of that thang.

### **Gaming Fun, Marina del Rey & Redondo**

An alternative activity for dance night for those who might want a break during the festivities. I'll bring the Slash card game if others want to bring games like Cards for Humanity or whatever you think would be interesting.

*Katbear*

---

## Saturday

**9:00 am**

### **Home on the Web, Laguna/Malibu**

LJ's Russian overlords have removed HTTPS support and are moving the server activity to Russia; some say a shutdown of US services is on the horizon. Yahoo fails to make money with Tumblr. Dreamwidth is slow, and doesn't have media hosting. Email lists are a hassle. Imzy, a startup, places branding aesthetics over design usability. Where's the next place for fandom, or should we reclaim one or more of the platforms from the past?

*glymr, elf*

### **HP: Potter, classic and next generation, Marina del Rey**

Free discussion on changes to the Harry Potter canon through writings outside the books (Pottermore and Cursed Child), how it has impacted fan fiction and art, and if Albus/Scorpius is really Harry/Draco redux...

*bren/glacis*

## SATURDAY SCHEDULE

### **Let's Collab! New Forms of Collective Fan Creativity , Newport**

Changing technologies mean that we collaborate with each other in ever-evolving ways when we create fic and vids. What are the possibilities for collaborating beyond geographic boundaries with digital technologies? How are you collaborating with fellow writers and vidders these days? Are you interested in finding new collaborators and new ways to connect? And are these new forms of collaboration creating new forms of creative fan work?

*Lola, k8*

### **10:00 am, The fax about fixits! Laguna/Malibu**

If canon takes a particularly bad turn, there is always the fixit--not just "I'd like to see some slash in this", but "nope this whole event never happened, and here's how it went instead". Come talk about your favorite fixits in fiction, vids, and maybe even meta--what makes a canon event cry out for a fix? What are the best ways to fix things? Are there fixits that took on a life of their own and became popular fanon? What canon events are happening now or threatening to happen in future, that are bound to call for the fixit brigade?

*Megan Kent, Dorinda*

### **Pros: It's a Holiday, Marina del Rey**

Giving the Lads a break from the routine is a common story trope. Which holidays seem to work best for fic, and why?

*Kris -KrisserCI5, Cindy*

### **How to Threesome, Newport**

How do you arrange three bodies in a bed, on a couch, or up against a wall? With the help of *The Threesome Handbook* (written by Vicki Vantoch) and some poseable mannequin dolls, let's find out!*elf*

## SATURDAY SCHEDULE

### 11:00 am

#### **The Slash Book, Laguna/Malibu**

Continuing on The Slash Book. What we're doing, how it's going. What's next.

*Charlotte C. Hill, Constance Penley*

#### **Sense8: Orgies and Sing-a-Longs, Marina del Rey**

Sense8 general discussion panel. Let's talk our favorite moments, our favorite ships, what we loved (and maybe what we didn't think was so great). What are our thoughts on the latest episode and what are our hopes for the upcoming season?

*Brak, Nestra, Aral*

#### **Pegging Our Boys - An Enthusiastic Instructional, Newport**

Or How To Fuck A Straight Boy With Your Own Cock. A lot of straight men like getting fucked by their ladies. Here we will cover how to discuss butt sex with straight boys, fondle dildos, try on harnesses and get meta on Pegging as a slash friendly genre.

*fashes ilia*

### Noon

#### **LGBTQIA+ in Slash Fandom, Laguna/Malibu**

Queer fans have always been here. In a subculture often defined as "for" straight women, what do we as fans have to say about non-straight, non-cis, and non-conventional sexuality and gender in fanfiction, in fandom, and in the larger culture?

*Nick 556, STRANGER*

#### **Yaoi on Ice, Marina del Rey**

Free discussion on new anime shows (Yuri on Ice, new D Gray-man, and other offerings) and the impact on what shows are now available with Funimation and Crunchyroll merging.

*bren/glacis*

## SATURDAY SCHEDULE

### **Jeopardy, Professionals style, Newport**

A game for fans of the Brit TV show the Professionals. The role of Alex Trebek will be played by Kris.

*Kris -KrisserCI5*

### **1:00 pm**

#### **MCU: Hanging Up the Shield: Where does Captain America fandom go from here? Laguna/Malibu**

Captain America: Civil War wasn't only a division between our superhero Avengers, it also created conflict within the fandom. Where do we go from here, while we await canon resolution in Infinity Wars? Are we doomed to be like Steve's alter ego from the '70s, Nomad, cut off from the canon of Captain America and the Cap family, watching people drift from the fandom, or is there still plenty of life left in them yet?

*gwyneth rhys*

#### **OT3 for Me, Marina del Rey**

Since this is the 27th year of Escapade - 3^3 - let's talk threesomes. What's your favorite M/M/F trio; your favorite M/M/M trio - and are there any good F/F/M trios? What makes a good trio work? What trio would you love to see in fic? Are there trios you love that include pairings you otherwise don't like? Or a pairing that just feels incomplete without its third person? Bring recs if you've got 'em!

*Raine Wynd*

#### **Vidding 101, Newport**

Have you dreamed of making a vid but just aren't sure where to start? We'll go step by step, talk finding your source(s), choosing music, finding your way with non overwhelming tech-tools, brainstorming ideas, finding collaborators, and learning by doing. Already a vidder? Come and help new vidders find their way, find new collaborators, and make new ideas happen.

*Lola, k8*

## SATURDAY SCHEDULE

### 2:00 pm

#### **Representation Matters, Laguna/Malibu**

Some media creators are finally getting the message, while others still murder their gays (and women, and people of color) every chance they get, hire cis actors to play trans people, play mental health for laughs, and worse. What should we watch? What should we avoid? How do we, as fans, change the landscape?

*Killa, devo*

#### **Star Trek Beyond: The Spock McCoy Relationship, Marina del Rey**

Come help us explore the Spock and McCoy's relationship and how it changed in Star Trek Beyond. Were they enemies before and are now friends?

*Saklani, Doctor Beth, Charlotte C. Hill*

#### **It's Canon, but is it slash? Newport**

From K.J. Charles to C.S. Pacat, professional m/m writers are flourishing. But do these works scratch the same itch as slash? What do we like? What do we hate? What do we want more of?

*k8, aral*

#### **Grimm: Going Out With a Bang, Redondo**

Grimm is in its final season. Canon is closing so fan imagination can really run wild! Come talk about six wild seasons and what we can do to Grimm after The End.

*bren/glacis, Kris -KrisserCI5*

### 3:00 pm

#### **Black Jewish Superman, Laguna/Malibu**

Racebending panel - what actors of color would you like to see play your favorite characters? Which character stories would be changed, and in what ways, if they weren't white? Is there anything we as fans can do to get more non-white characters in mainstream media? Will Hamilton's success have any effect on tv/movie casting? (Title taken from an awesome tumblr thread.)

*Aral, Dail*

## SATURDAY SCHEDULE

### **Sherlock: Behind the doors at 221B Baker Street, Marina del Rey**

How do the different centuries affect John and Sherlock's relationship? From the repressive Victorians to the permissiveness of 21st century London, how would the relationship have been expressed both emotionally and physically. In other words, what goes on behind the doors of 221B Baker Street in the 19th century and its counterpart in the 21st century.

*snow, FJBryan*

### **Fandom Dating Game, Newport**

One lucky bachelorette! Three eligible fandoms! Will it be a lifetime romance or a filthy overnight fling? Come try your luck at the Fandom Dating Game! Gawkers, hecklers, fandom pimps, and lonely bachelorettes welcome. (Yes, we stole this from CON.TXT.)

*Denise Raymond, Franzeska*

### **Art Show Gallery Crawl, Catalina**

Join us for a group stroll through the Art Show to talk about the art on display. Critique and squee equally welcome!

*Naked Bee*

## **4:00 pm**

### **Fandom vs Cheeto Voldemort, Laguna/Malibu**

In the new administration, fandom is likely to face attacks that we thought were ancient history. While fandom itself is not likely to be targeted by legal or enforcement changes (mostly because, even with all the new publicity, we're still pretty much invisible to the mainstream), many of us will be facing increased discrimination, potential loss of essential services, and sometimes even violence. What can we do to prepare and protect ourselves, and when we have resources and spoons, how can we offer help and support to others?

*Saklani, Evelyn a.k.a Mrs. Killa*

## SATURDAY SCHEDULE

### **Capes and Cowls (Pixie boots optional), Marina del Rey**

What makes a good superhero fandom? Avengers fandom exploded; Smallville and Dark Knight were huge - many other superhero fandoms fade into the background. What do we like to see in super fandoms (and what media do we like them in), what keeps us watching, what inspires lots of fic? What makes us say "meh" and walk away from a setting we wanted to love?  
*kadymae devilc*

### **Dead Fandom Museum, Newport**

Time and the internet march on even as authors and archivists move on to other things. We've all had the experience of going back to look for an old favorite fanwork to find all links dead and the urls of once-huge archives up for sale. Or maybe the the author has pulled all their work and disappeared, but someone you know has a collection of pdfs they're willing to share... What's the best way for us to preserve older works and archives without stepping on creator's toes? Can we anticipate and plan for eventual fandom and platform death or die-back?  
*glymr, Jessie (iesika)*

## **5:00 pm**

### **You're Totally Welcome on my Lawn, but I Wish You Wouldn't Pee on the Grass, Laguna/Malibu**

Fandom can be a scary place. We don't always see eye to eye, but recent fandom culture has made some people afraid to be open and participate fully or at all. What can we do as community to stop this bullying and foster inclusiveness for old and new fans alike? (Title used with permission.)  
*Megan Kent, Michelle*

### **ST: Quite logical: 50 years of pon farr, Marina del Rey**

This year is the 50th anniversary of the first airing of Amok Time, the delicious gift to fandom that gave us pon farr, awkward conversations about biology, and Kirk and Spock rolling around

## SATURDAY SCHEDULE

in glittery sand. Let's celebrate half a century of K/S with a discussion of the past, present and future of the fandom.

*Catalena Mara, rhaegal, Dovya Blacque*

### **We're All Going to Hell, Newport**

Whether you like Hydra Trash Party or Harry Potter noncon chan or vore from Hannibal, join us in a discussion of the fic full of the darkest, most depraved themes fandom has discovered.

Let's skip the "why do we like this" and "is there redeeming value" arguments and go straight into the "my fandom has the most horrific tropes" bickering.

*elf, Jessie (iesika)*

### **6:00 pm**

#### **Peer-run Trauma support check-in, Newport**

Discussion group for fans dealing with trauma in their life (RL, not characters whom we love to traumatize). Just show up and share. Or listen.

*fashes ilia*

### **8:00 pm**

#### **Escapade Songvid Show, Laguna/Malibu/Newport**

Once upon a time, Escapade was the only place to premiere a vid. Now, we have VividCon and that—what's it called? The internet? Yeah. But it's still great to gather as fans and watch great vids. Killa and Jo and the vid show made a great show!

### **10:30 pm**

#### **The After Party, Convention Suite (431)**

Step into the laboratory for an alcoholic concoction and review a program of slashy research material from fanvids to shorts to classic TV episodes.

**9:30 am****Escapade Art & Charity Auction, Laguna/Malibu**

The art and charity auction is your last chance to see scantily clad bodies writhing in ecstasy as they carry art through the room. And the art is usually pretty hot, too. We can't promise that the auctioneer or volunteers will dress up and put on a show, but it has happened before.

Join us after breakfast as we watch people go crazy for art, for charity, and for raffle prizes.

*Naked Bee*

**10:30 am****Vid Review, Marina del Rey**

On Saturday night, we watched the vid show. On Sunday morning, we talk about it. Join Rache to discuss the good, the better, and the great of the show, including techniques and all of the reasons Charlotte doesn't vid anymore and never will again.

*Rache*

**11:00 am****Shadowhunters: Malec, Newport**

Yes, Val is evil, Jace and Clary aren't meant to be, Isabelle and Simon are nice set dressing, but let's get real. It's all about the Malec. Come discuss the yummiest canon pairing to hit the small screen in years... Magnus and Alec!

*Kris -KrisserCl5, snow*

**~~Galactic Journey: Interview with a Time Traveler (1962 edition)~~**

**Cancelled per mod request**

**Noon****Wank: It's Coming From Inside the Fandom, Laguna/Malibu**

Whether you call it fan wank, flame wars, or just The Discourse, fans continue to disagree about every aspect of fandom. Let's

## SUNDAY SCHEDULE

gossip about the latest and greatest kerfuffles, argue about the value of argument, and explain why everyone else's opinion is just plain wrong.

*Nick 556*

### **Stargate: Classic Fandom Flashback, Marina del Rey**

Free discussion for Stargate fans, old and new, in all its iterations.

*bren/glacis*

## **1:00 pm**

### **NFAF: Non-fannish Films About Fandom, Laguna/Malibu**

Recently, two different movies about fanfic have been funded on Kickstarter: "Slash" (released on iTunes) and "Fanfic: The Documentary" (expected out in October 2017). Are these just another form of mostly-external commentary on fandom, like Textual Poachers? Are they good or bad for our communities - and if they're not good, is there anything we can do about them?

*Franzeska*

### **The Expanse S2: In Space No One Can Hear You Kick Ass, Marina del Rey**

S1 gave us realistic physics, an awesome battle (OMG rail gun!), a diverse cast, and ended just as the scope of the proto-molecule conspiracy was revealed (OMG politics!). S2 promises to open up the can of whup-ass that is Gunny Draper. Let's squee about what works, kvetch what doesn't, and wonder out loud where we hope it's all going to go.

*Kadymae DevilC*

## **2:00 pm**

### **Escapade Review, Laguna/Malibu**

The last official panel of the weekend, this is your chance to make Escapade better. Share what worked or didn't, and bring ideas for what we can improve. Never run by a con chair (but always attended by both), the Escapade Review seeks to capture

## SUNDAY SCHEDULE

the essence of the weekend to carry forward into years to come—and to quarantine any problems so we can leave them behind. It can be funny. It can be heartwarming. It always helps you, the attendee, since you're the designer of this con.

*Mods: TBD*

### **4:00 pm**

#### **Dead Dog Party, Convention Suite**

This is the last scheduled hang out with your new (or old) best friends. Empty the mini-fridge in your room. Drop in, fill out a comments form while the convention is still fresh, collect those last contacts from people, and share that last comment that's been nagging you all weekend.

No dogs are harmed in the planning or execution of this party.
